

ATTENTION: Atlantic Canadian Biotech companies

It's that time again! **We are gearing up to join the International Biotechnology community for [BIO 2016](#) – The International Biotechnology Convention & Trade Show taking place this year in San Francisco, California, June 6 – 9th. And we hope you will join us.**

Are you trying to break into the US and/or the international biotech marketplace? Do you want to see firsthand some of the most innovative and advanced bio-based industries in the world? Or do you have products and technologies that you want to showcase at one of the world's largest business venues for biotechnology?

If so – Why not join the Atlantic Canada delegation to BIO 2016!

We are currently working to design the Canada Pavilion – which will include over 2400 square feet of display and meeting space.

Some of our key events will include a BioNetworking Breakfast for Atlantic Canada companies and the annual Taste of Atlantic Canada Reception to be held on Tuesday, June 7th, 6:30 – 8:30 pm. Plus the opportunity to take part in 3-4 days of business partnering. Your company will have the opportunity to invite targeted guests to both events.

We are now accepting applications from Atlantic Canadian companies to attend. There are a limited number of complimentary exhibitor passes for Atlantic Canadian participants.

If you are interested in participating in this upcoming mission, please respond to rose@peibioalliance.com no later than January 26th. And I will send you additional information, including your BIO 2016 Form to fill in.

If you have any further questions, please feel free to contact Rose directly.

Best Regards,

Rose
(On behalf of Atlantic Canada BioIndustries Alliance)
